

## Board of Management Report

***If you don't know what you're doing, pray to the Father. He loves to help. You'll get His help, and won't be condescended to when you ask for it. Ask boldly, believing, without a second thought. (James 1:5-6a MSG)***

Again we look back over this year and are very thankful to the Father for giving us wisdom and understanding.

It simply amazes me that the Father always knows where we are and how He gently leads us to where He wants us to go.

In 2007 we as a Board of Management developed a strategy to focus on the priorities for our board and getting those items accomplished. In the past we have relied on one or two people to get everything accomplished for the board. I have found that, as more things have come onto our "plate", it was very hard to stay ahead of the game. We have set it up that each individual on the board will oversee one of five areas of responsibilities. These areas are *Financial Management, Services to Constituency, SK Conference Property Management, Risk Management and Policy Development.* (Please ask if you would like a detailed copy of this document.)

I would really like to thank the Conference Churches for their giving this year. Also, I would like to thank the boards for watching their spending. It is my great privilege to announce that we ended 2007 with a surplus of \$21, 677.03. One of the reasons that this is so large is due to the fact that the Harvest Saskatchewan Team didn't spend as much as they ask for in the budget.

I would like to give a big thanks to Pat Dergousoff for going above and beyond for getting things done and keeping me informed with how the Conference is doing financially.

I would also like to thank the Conference for giving me an opportunity to get my feet wet on this board. I have spent six enjoyable and stretching years learning how we as followers of Christ should manage the resources that the Father has provided. Thank you to all the men who pointed the way and who walked beside me down this path.
