AUDITOR'S REPORT

TO: Board of Management
Saskatchewan Conference of Mennonite Brethren Churches

We have audited the Balance Sheet of the Saskatchewan Conference of Mennonite Brethren Churches as at December 31, 2008 and the Statement of Saskatchewan Ministry Fund Revenue and Expenses, Statement of Fund Activity, and Cash Flow Statement for the year then ended. These financial statements are the responsibility of the organization's leadership. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as explained in the following paragraph, we conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit including examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with many non-profit organizations, the organization derives a portion of its revenues from donations made by individuals and churches, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the organization and we were not able to determine whether any adjustments might be necessary pertaining to these donations.

In our opinion, except for the effect of adjustments, if any, which we might have determined to be necessary had we been able to satisfy ourselves concerning the completeness of the revenue referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the organization as at December 31, 2008 and the results of its operations for the year then ended in accordance with generally accepted accounting practices appropriate to such organizations and applied on a basis consistent with that of the preceding year.
